SEICHEM LEVEL TWO REIKI TRAINING BOOKING FORM

Seichem is an ancient and sacred form of hands on healing and is said to be the parent energy of all hands on healing systems. It is a simple, non-invasive healing system that works with each person's higher self to promote health and well-being of the entire physical, emotional and psychic body.

Seichem is a potent energy and must be approached with respect and in a state of unconditional love, it cannot be entered into lightly, nor in an egotistical way, those who choose to work with this powerful Egyptian energy must be prepared to put in time, patience and dedication if they wish to take this step, and must clearly understand that their lives will never be the same again once they have been initiated to Seichem energy.

The fundamental differences between Reiki and Seichem is that firstly, Seichem incorporates the healing elements of air, fire and water and works on an even deeper level, secondly it appears to sparkle like fizzy bubbles, whereas Reiki energy runs either hot or cold and works with the earth element.

There are three levels of training within Seichem energy healing, each level builds upon what you have previously learnt and gradually accelerates your spiritual growth. A combination of Usui Reiki and Seichem Egyptian symbols are used, creating a higher vibrational frequency to enhance the flow of energy, this amplifies the healing potential during your client's treatments and increases the potential within you to initiate changes within your own life. Seichem is a personal healing system and can help you release blocks that are preventing you from moving forwards in life, when positive changes are initiated, it enhances qualities such as courage, wisdom, compassion, love, kindness and strength in your own life.

Being attuned to Seichem Reiki connects you to ancient Egyptian energies, it is not for the faint hearted, but the journey is exquisite once you have taken the step.
